

MEDIPLUS ENVIRONMENTAL POLICY

INTRODUCTION

Mediplus will publish an Environmental Policy Statement to demonstrate its commitment to the Environment and to highlight the responsibilities of all Mediplus employees.

POLICY

Mediplus is committed to the care of the environment and will strive to continually improve its environmental performance, by the efficient use of resources both internally and through its supply chain, the minimisation of waste and the prevention of pollution.

It is the policy of Mediplus to practice environmental responsibility by observing the following commitments:

- Compliance with all relevant legislation, regulations, standards and government guidelines.
- The meeting of industry codes of practice wherever practicable.
- Commit to continual improvement by setting and reviewing objectives, targets.
- Ensure that all employees know and understand the policy and what is expected of them.
- Training of Mediplus employees on the aspects of environmental responsibility.
- Protect the environment, including the prevention of pollution.
- Make efficient use of natural resources by minimising waste and conserving energy and water.
- Seek to use environmentally responsible and efficient means of transport both internally and through the supply chain.
- Use registered waste disposal carriers and licenced sites for the transport and disposal of waste materials.
- Ensure our suppliers, distributors and identified interested parties are aware of our Environmental Policy.

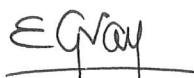

A copy of this policy will be displayed on Company notice boards and in any other areas deemed appropriate.

This policy will be reviewed on an annual basis and amended as appropriate with a view to achieving continuous improvement.

The time between reviews will not exceed fourteen months, unless changes are instigated which necessitate it to be reviewed sooner.

Signed:

Emma Gray

Managing Director
